

Centralized acquisition of medicines and healing material for the states during the 2019 fiscal year

The call to tender for the first centralized purchase of medicines and healing material for the states, for the second half of 2019, will be published in the Official Federal Gazette no later than May 7, 2019.

Currently, the Ministry of Finance and Public Credit in coordination with the Ministry of Health are carrying out a market research in order to define the terms and launch the call for the mentioned bid. It is important to mention that this call has had a very positive response from the pharmaceutical industry and in an effort to guarantee both the transparency of the process and the best market conditions, the United Nations Office for Project Services (UNOPS) will participate in the proceeding.
